Voyageurs,

It has been a long ride, some parts we could set the cruise on 70, other parts we were slamming on the brakes because of the potholes. We finally made it to our destination, our forever home. We appreciate your patience and understanding during this move and we still have a lot of un packing to do.

Please start using our new address for future mailings, if you put out a monthly newsletter please share our new address there and at your Locale and Grand Promenades and any Voyageur that has an email. The address is listed below.
